

NEW! from the ministry that brought you *DivorceCare* and *GriefShare*...

“Americans now spend more money on gambling than they do entertainment...”

Chance to Change

Christ-Centered
Gambling Recovery

Imagine the implications for your community—and for your church. Envision what will happen as more and more people become ensnared by gambling addictions.

Are you ready to do battle with this new plague that reaches into virtually every neighborhood? How will you respond when people turn to your church for help?

Chance to Change is a powerful set of tools to help you minister to people addicted to gambling. This innovative resource equips your church to offer weekly lay-led gambling addiction support groups.

The strategy

Chance to Change is all new—designed from the ground up, on a Christ-based, biblical foundation. It is NOT an adaptation of the GA or 12-step model. *Chance to Change* takes people beyond recovery by embracing the biblical model of “putting off” and “putting on” found in Ephesians 4:21–24.

The materials

Chance to Change is a workbook-based video and support group curriculum. It culminates two and one-half years of research, writing and production and features 40 Christian counselors and experts who specialize in helping people overcome gambling addictions.

Of particular interest are the testimonies from 30 former gamblers who found victory through Jesus Christ. Together they proclaim that the gospel of Jesus Christ is greater than any addiction!

The opportunity

Ministry during a life crisis is one of the best opportunities to reach adults in our culture with the hope of Christ. This “point of pain” ministry strategy is field-proven by churches using Church Initiative’s *DivorceCare* and *GriefShare* programs, which have been placed in nearly 10,000 churches worldwide.
